MANAV INSTITUTE

ABOUT US

About the Manav Institute is a leading hub of technology, pharmacy and education. The management lays special emphasis on the upliftment of all sections of the society through specially designed activities of its social development department. The spirit of education is imbibed from our ancient treasure of knowledge as well as from modern forward looking career oriented management legends so that young minds are sensitized to be disciplined and efficient in tackling challenges of life.

MISSION

A strong mission statement for an institute should clearly define its purpose and guiding principles. It should articulate what the institution aims to achieve, who it serves, and how it will achieve its goals, examples include fostering a culture of excellence in teaching and research, developing well-rounded individuals with strong skills and values, and contributing to the betterment of society.

VISION

A strong vision for an institute should guide its long-term goals and aspirations, examples include becoming a leading center of excellence in its field, fostering innovation and leadership, and contributing to societal well-being through education and research.

Co-Chairperson's

Vision

- I extend you a warm welcome and assure that we will not leave any stone unturned for your success in your endeavour.
- Here, we impart value education along with many opportunities to sharpen your skills and mature your talent. The college has a team of highly qualified and experienced teachers and professionals to guide and mentor our students.
- A community of inspired faculty and talented students grow together to develop a dynamic field of energy, We look for students who have seriousness for the purpose, both, in classroom and outside learning is viewed as an experience not only to gain knowledge but also to build character and life combating skills. I wish you success and a very bright future.

DR. CEIMA GUPTA

Co-Founder & Co-Chair Person,
Manav Institute

A Word From the

Chairman

"We cannot always build future for our youth but we can always build the youth for the future"

- The quote by Franklin D. Roosevelt perfectly describes our aim. We not only provide sound education, we wish to provide holistic performance for learning. Hence, we strive to teach beyond books.
- We have realised that the future is abstract and uncertain but the youth in our hands are real and can be moulded.
- Dear students, you are the nation builders, agents of changes. Its our hope that the time you spend in MITM would enable you to equip with leadership and managerial qualities.
- We are not Creating Your Future but we are Crafting you for the future. There are strong challengers to great efforts but always remember great efforts. always bear the sweetest fruits.
